

Denmead Day Care

13th September 2021

Baby Bees

We are continuing to explore the world around us through a range of sensory activities. We are looking at how things move and turn, such as toys on wheels or objects that turn and spin.

Turtle Twos

We are reading a book called, "What makes me, me?" and are focusing on the different parts of our body, and what makes us so amazing! Can you practice learning your body parts by singing "Heads, Shoulders, Knees and Toes" at home?

Preschool Penguins

We are learning all about what makes us unique! We are talking about our family, our friends, and the things we love doing best. We are also learning about our local environment and the important landmarks in our area. What makes **you** special?

General News

As the weather gets wetter, please ensure that your child has appropriate outdoor wear and a change of clothes. While we do have a few spare pairs of wellies for the children, we cannot guarantee that there will be a spare in your child's size. If possible, please provide a named pair of wellies that can be left at nursery. We still endeavour to plan as much outdoor play as possible, even as the weather changes. We are looking forward to seeing you during our Open Week this week! We still have spaces if you would like to book a stay and play session. You are more than welcome to come in on a day that your child is not normally in.

This week we are celebrating

Ellis, for tidying up without being asked!

Enzo, for good listening and being a fab role model!

Happy Birthday!

Max
Imogen
